

The screenshot displays the Microsoft Azure portal dashboard. The top navigation bar includes the 'Home' page. The main content area is organized into several sections:

- Azure services:** A row of icons representing various Azure services, including Compute, Storage, Networking, and more.
- Resources:** A table listing resource groups and their types.

Name	Type	Last checked
Resource group	Resource group	10/10/2019
Resource group	Resource group	10/10/2019
- Navigate:** A section with links to different parts of the portal, such as 'Overview', 'Subscriptions', and 'Resource groups'.
- Tools:** A section with links to various tools and services, including 'Azure CLI', 'Azure PowerShell', and 'Azure DevOps'.

The screenshot shows the Microsoft Azure portal interface. At the top, there's a navigation bar with the Azure logo and the text 'Resource groups - Microsoft Azure'. Below this, there's a search bar and a list of tabs: 'Home', 'Resource groups', 'Subscriptions', 'Quota', 'Cost management', 'Alerts', and 'Settings'. The 'Resource groups' tab is selected. The main content area shows a list of resource groups. The first resource group is 'Default (Germany)' with a description of 'Default resource group for the subscription' and a location of 'Germany West Central'. The second resource group is 'Default (Germany)' with a description of 'Default resource group for the subscription' and a location of 'Germany West Central'.

Name	Description	Location	Status
Default (Germany)	Default resource group for the subscription	Germany West Central	Ready
Default (Germany)	Default resource group for the subscription	Germany West Central	Ready
